

2012 USA ROLLER SPORTS ROLLER DERBY ROSTER FORM

To meet sanction requirements, complete rosters are to be submitted at least 10 days prior to the event. It is the host club/league/organizer's responsibility to verify membership before allowing skaters to participate in a sanctioned event. **USARS single event cards (day passes) are available when a USARS league is hosting as a last resort only; leagues need to make sure that roster-eligible skaters are properly enrolled at least 2 weeks before the event that they are scheduled to participate in.**

USARS has reciprocity agreements with the WFTDA, CWRDA, and RSC and details regarding each are available online. Skating referees must have a membership, but non-skating officials are not required to. Any roster changes that are made after the roster has been submitted to USARS are at the discretion of the host league and they do not need to be sent to the USARS National Office prior to the event. However, membership must be verified for any roster changes before allowing them to participate. To indicate that a skater will need an event pass, please put an 'x' in the membership # column. The USARS membership listing is available at: <http://usarollersports.org/resources/member-lists>.

A separate roster should be submitted for each game being played. If the event is a tournament, a roster for each team should be submitted but it's not necessary to provide one for each individual game. For mixers and training camps where individuals are allowed to register all the way up to the day of the event, the roster is not required in advance. Rather, a complete list of all participants should be sent in immediately following the event- please see separate roster forms or tabs below for these type of events.

SPECIAL NOTES:
